Finds Texas Charming... Friendly...

Spanish Agriculturalist Visits City

A Staff Special

"The people in Texas, I would like to say, are very friendly, charming."

An equally charming, intelligent Spanish gentleman had this to say about Texas on his first visit to the Lone Star State and Cameron, where he studied poultry methods with Ideal Hatchery management last week.

Cayo Pombo, about 55, is in the poultry business in a big way: his 1,500-acre ranch - farm is the center of Spanish franchising for Ideal's H-3-W chick.

His agriculture interests are vast and ambitious and successful.

In one recent year, Generalissimo Franco, president of Spain personally awarded Pombo with a sweepstakes award for outstanding entries in various kinds of agriculture. His record was 11 firsts and seven second prizes in Spanish national competition in Madrid, the capital city.

"Do you know Franco?" Pombo was asked.

"Not personally," he replied, "but he presented the honors in Madrid."

Pombo directs about 100 workers in various enterprises in cattle, sheep, poultry, crops and other livestock. His highly developed ranch, La Dehesilla, is on the high plains near Valladolid, Spain. La Dehesilla translated means small, flat country.

A graduate of Cambridge University, England, Pombo was at one time a university championship tennis player in the British Isles.

"But I gave that up 27 years ago to farm," he volunteered. He holds a bachelor's degree in engineering from Cambridge, studying two more years in technical school at Lestershire.

His career was apparently interrupted by the Spanish Civil War, which burst out in the mid-1930's and ended with Franco in power prior to 1939 and the German blitz of Western Europe.

An outgoing personality, he wore sunglasses indoors and out, loose-fitting sweater and a continental scarf at his throat. He chose his words carefully, literally, pausing once in a while to refer to a Spanish-English dictionary for a technical word.

He was also all business. He dis-

cussed technical problems of poultry raising with Alton and Monroe Fuchs at the Hatchery's main offices in Cameron. He deferred to take a "coffee break" and found that Americans spend a lot of time away from work, drinking coffee.

Pombo said in Spain people work a 56-hour week, eight hours a day.

"How can you get any work done?" he smiled. "Coffee breaks, coffee breaks."

Pombo was sincerely impressed by the friendliness of the American people. To see the country, he went by train to Cameron from New York. He flew by jet from Spain.

"United States wealth is based primarily on agriculture," he opined, answering a question on agriculture influence in both countries. "Everything is based on the soil." His 1,500-acre ranch would be considered about third in size if rated on a 10-point scale, not the

biggest, but much larger than average. The land had been his family's for about 400 years, he said.

What were some of his outstanding agriculture efforts? Special cheeses produced from the milk of sheep for one, he said.

A Roquefort cheese, a second cheese similar to cheddar and a spread-like cheese were among the products from this milk, he noted. Each sheep produces a quart of milk a day with each caretaker milking 125 per day.

One of the difficulties, he noted, is finding shepherds to care for the sheep. Frenchmen migrating to Spain who are specialists in this work care for some of his flocks.

In his cattle, he has Holstein cows for dairying, and many Aberdeen - Angus cattle.

Are there agriculture controls in Spain? On sugar beets, sugar cane, wheat and a few others, he said. Then he cited the fluctuation of egg prices in Spain as the demand

went up and eggs were imported.

In Spain, Pombo directs the distribution of H-3-W chicks through 18 sub-franchisers. They met with Alton Fuchs in Spain in November 1961, to discuss the distribution system.

Bright, expressive Cayo Pombo touched on the nature of the Spanish people: "The Spanish were the first partisans in the world. Very independent, they were called guerrilla," he said.

Driving Safety Urged At Yuletide

ONE KILLED FRIDAY NIGHT

NEAR MINERVA

Cameron and Milam County today prepared for a traditionally quiet Christmas, 1962.

City, county and state law enforcement officials urged safe driving over the four-day holiday starting Friday night.

One Milam fatality was recorded last Saturday night when John Cochran, of Minerva and formerly of Cameron, was killed Friday night instantly in a one-vehicle collision. His pickup truck rammed into a tree along US 77 just north of Minerva.

And four other collisions were reported by State Highway Patrolmen Wednesday. (See wreck story.)

Cameron stores and the Cameron Postoffice were busy with last minute shoppers and package mailers meeting holiday deadlines.

Cameron churches planned weekend services and others planned special Christmas Eve services for Monday night.

SAFETY URGED

Police Chief Edwin Hoskins urged Cameron drivers to be cautious over the weekend as a heavy flow of holiday traffic comes through the city on US 77, US 190 and SH 36.

And the Texas Dept. of Public Safety added a note of caution to Milam drivers planning to travel during the long weekend.

Official Texas estimates on traffic deaths through the 11-day period is 87, the state average for the past five years. Last year, 80 died on Texas Highways at the Christmas-New Year's holiday.

Governor Price Daniel said Thursday that Texas has "an excellent chance of setting a new, all-time life-saving record" during the holidays if "all Texans will drive as if their lives depend on it."

Texas newspapers, radio, television stations and outdoor advertising companies are devoting much time and space to safe driving messages, Gov. Daniel said.

City and area highway patrolmen cautioned drivers to "watch out for the other man behind the wheel."

NO LOCAL WRECKS

At presstime Wednesday, no accidents had been reported in the Cameron area, but peak traffic loads in the city would not be reached until the weekend, officials said.

Cameron schools were to be let out 2:45 p. m. Friday for the holiday until classes resume again Wednesday, January 2.

Postal officials reported a last-minute rush on package and mail delivery. And stores reported business was approaching heavy, last minute gift shopping.

Clerks at the postoffice had new uniforms for the last week before Christmas and had a Christmas tree of about 250 undeliverable cards left over from 1961.

FATAL WRECK — Highway Patrolmen Durwood Kennedy and Gilbert Smith stand beside the wrecked pickup in which John Cochran of Minerva was killed. The pickup ran off the road and hit a tree throwing his body under the truck. The accident occurred about 10:30 p. m. Friday seven miles south of Cameron.

JOHN C. ANDRES NAMED AUDITOR; SUCCEEDS ISSACS

John C. Andres, Cameron city secretary for the past four years, will succeed Com. Issacs as Milam County auditor January 1.

Buddy Fuller, 50, of Cameron, is understudy of Andres at City Hall to assume fulltime duties as city secretary January 1.

Dist. Judge W. C. Wallace announced Andres' appointment this week. Issacs, about 75, has been in ill health for some months at his Rockdale home.

Issacs served as county auditor for about 30 years. Prior to taking the post, he did engineering work in various parts of Texas.

Years ago, he surveyed a great deal of the Rio Grande Valley in its early development stages.

He studied civil engineering at the University of Texas. Issacs is a native of Rockdale, where his family was in business in earlier years.

Andres has served as city secretary since December, 1958. Prior to that, he managed a furniture and hardware business for many years. He has been active in Cameron civic and church life, holding offices in Cameron Rotary, Cameron Fire Dept., Knights of Columbus and other organizations.

For Local Churches —

Christmas Programs Set

Churches in the Cameron area prepare their members for Christmas with special music programs, Christmas parties with family suppers and gift exchanges, masses

and other holiday work.

FIRST BAPTIST

The First Baptist Church held their Christmas Musical Program Sunday and Monday, Sunday, the Junior, Primary and Adult Choirs presented a Christmas program in music and scripture telling the Christmas story.

Monday, the Milam Association of Baptist Churches held a "Carol Sing" at the church here. Rockdale Missions Church, Battetown Baptist Church and Gause Baptist Church along with the First Baptist Church presented four group numbers and one solo. About 100 attended the program.

Every department has had its own party and gift exchange. The remaining departments have scheduled parties for this week.

FIRST PRESBYTERIAN

The First Presbyterian Church will have its Annual Christmas program Sunday 7 p. m. entitled "Christmas by Candlelight" featuring the traditional Christmas story told in tableau and carols.

The church will conclude their holiday program with candlelight services for the annual Joy Service offering for retired ministers and dependents.

FIRST METHODIST

The First Methodist Church com-

bined choirs gave a Christmas program Sunday telling the Christmas story in song and scripture.

The Junior Choir sang two numbers, "As With Gladness Men of Old" and "There's a Song in the Air." The Youth Choir sang "Infant Holy," "We, Three Kings of Orient Are" and "What Child Is This."

The Chancel Choir sang "Peaceful and Holy the Night," Christmas Hymn, "Break Forth With Joy" with Miss Rita Stewart soloist, and "He Shall Reign Forever" with Phil D. McCall, soloist. Craig Wallace was narrator.

The church will observe New Year's Eve with a Watchnight Service at 11:30 p. m. Monday, December 31.

ST. MONICA CATHOLIC

High Mass will be held at St. Monica's Catholic Church Christmas Eve beginning at 11:30 p. m. with carols by the Church choir followed by the Procession at midnight.

There will be three masses on Christmas Day at 6, 8 and 10 a. m. and also three masses on New Year's Day at the same hours.

ALL SAINTS EPISCOPAL

The All Saints' Episcopal Church will hold Christmas Eve Services at 9 p. m. December 24.

'Operation Teenager' . . .

4 Inmates Tell Life Stories

A Staff Report

A drama of self-realization without self-pity was unfolded Wednesday before both a Yoe High School assembly and a rap audience at Cameron Rotary Club.

Four youthful inmates from the Texas Dept. of Corrections, wearing only numbers 1 through 4 at their shirt pockets, told the story of their lives, culminating in perhaps a dozen lifetimes of prison sentences among them.

The program was introduced at Cameron Rotary by John Mears, assistant education director of Texas Dept. of Corrections. It laid open the consciences of four men who found prison their reward for seeking identity or independence without responsibility.

VOLUNTARY WORK

Mears explained the men voluntarily developed the simple, factual presentations, hoping to prevent other young people from making similar mistakes.

They received no special considerations in regular prison life. It was called "Operation Teenager," and has been heard by 300,000 Texas students in 400 programs this year.

Speaker No. 3, the oldest of the group, summarized: "It's a funny thing. Day after day, as we walk the corridors of cement and steel, it isn't the flashy, big-shot things we miss — the things that we spent so much of our lives pursuing, but rather the simple things that we ran from and betrayed."

One of the men, No. 1, explained his escape from responsibility that led to wrecked, teenage marriage and to a gun and robbery.

No. 2, wearing glasses and speaking in excellent English, describing misadventures that put him into prison by the time he was 25. No. 4, a strong, good-looking young man, described his alcoholism that led to the loss of everything in the world I ever really

"Merry Christmas to all and to all a good night!"

PINNACLE OF SUCCESS

And No. 3, describing wide experiences as a seaman, said he dismissed religion and the Ten Commandments and finally reached the pinnacle of his independence early one morning.

"I found myself standing in a strange old house. There was no unnatural stillness in the air. On my shirt front was the symbol of my achievement — a few dark red, wet spots. I knew what life without any restraint really meant, and I was alone."

The four men were dressed in

white dress shirts, open at the collar and white trousers. Intentionally anonymous, they sat quietly as one and then another spoke. They introduced one another by number.

The stark reality of their stories required little embellishment. The grim narratives were not without remorse, yet were without pity.

Program chairman at Rotary was Lee St. Romain. The program at Yoe High School was introduced by Principal Jack Hughes.

High Aluminum Demand Foreseen

Special To The Herald

PITTSBURGH, Pa. — A period of solid demand for aluminum is predicted for the year ahead by Lawrence Litchfield, Jr., president of Aluminum Company of America.

"Given reasonable favorable economic conditions," Litchfield said, "from the standpoint of volume, the year 1963 should be a relatively good one for the U. S. aluminum industry, but the general pricing situation must improve if the industry as a whole is to achieve reasonably satisfactory financial results."

He added that the industry's general confidence in future prospects was evident in the numerous announcements of new facilities, programs both here and abroad during the past 12 months, despite the present excess of capacity in this and other countries.

Alcoa's chief executive noted, in his year-end remarks, that U. S. production of primary aluminum rose to an estimated 2.12 million tons during 1962, or better

than five per cent above the previous high set in 1960. U. S. industry net shipments to both domestic and foreign markets totaled about 2.78 million tons, an 11 per cent gain over the previous record set in 1959.

"With general inventories in the U. S. apparently at normal working levels during most of the year," he said, "the 1962 shipping volume is believed to reflect solid demand, and presumably, a record per capita consumption."

On the basis of total domestic aluminum shipments, per capita consumption was estimated at 25 pounds in 1961. A like estimate for 1962 is 28 pounds per person.

Generally favorable economic conditions, increased use of aluminum per unit of goods produced, such as in automobiles and new homes, and the successful promotion of new volume markets for the light metal were credited by Litchfield as key factors in making 1962 a banner production and shipment year.

Christmas Concert Set At Yoe High

The Yoe High School Band will present their annual Christmas Concert at 10:30 a. m. Friday in the Yoe High Gym.

Under the direction of Francis Cox, the band will present traditional Christmas hymns along with holiday novelty numbers.

The public is invited to attend this concert Friday morning.

Sugg Announces

Alcoa Lay - Off

R. R. Sugg, manager of Alcoa's Rockdale Works, recently announced that around 130 workers would be laid off effective December 23.

Most of these workers were hired temporarily last summer to re-line pits and to substitute for regular employees on vacation.

Sugg expressed his appreciation for the temporary employees. He also stated that with the improving product from Alcoa, he feels that Rockdale's outlook for a return to high employment is good.

Keeping Litter Dry Is Good Management

COLLEGE STATION — The improper management of the litter by poultrymen can result in poor flock performance, advises Ben Wormeli extension poultry husbandman, Texas A & M College.

Wet litter and its poor management can mean the difference between a high producing flock and a poor one, he says.

Litter is constantly in the process of taking on and giving off water. This moisture may come from poultry excretions, spillage from fountains, or from condensation from cold roofs and walls, he adds. It can be removed from litter by the proper ventilation and movement of air through the house.

FEED GRAIN PROGRAM

Continuation of the Government Feed Grain program for the next few years on a voluntary basis has been recommended by the Secretary of Agriculture's Advisory Committee on Feed Grains. They said there may be a need in the future for a mandatory program.

A hen in good production will drink about a half pound of water a day and eat about a pound of feed, which through metabolism yields about one-eighth pound of water. She puts about four-tenths of a pound of moisture in her daily excretions, and about one-tenth of a pound in the air through respiration. Poor ventilation in the house, especially during cold weather, allows moisture in the air to condense and it, too, is added to the litter.

The amount of moisture that the litter can hold depends partly on its depth, says Wormeli. Therefore it should be deep enough to moisture serve as a regulator of the moisture on the floor of the house. Though dry conditions are desirable, about 20 per cent moisture is needed in the litter to prevent dustiness, he adds.

Good litter management, along with good ventilation and plenty of litter, will keep the correct moisture levels in the house and thus keep the flock healthier and producing better, Wormeli concludes.

Acid Poisoning In Winter Cattle

By J. D. Moore

Fires, Accidents Can Mar Spirit Of Holiday Season

COLLEGE STATION — Fire and accident hazards are multiplied at this season and most are man made. Unless more attention is given to safety, the results could mean a disaster, warns the Texas Farm and Ranch Safety Council.

The trouble could start with the center of attraction, the family Christmas tree. Danger from this source can be lessened by the selection of a freshly cut tree and by proper handling, they say. The tree can be kept fresh by cutting the butt diagonally and placing it in water or wet sand and by seeing that moisture is supplied as needed. Remember, warns the Council, nothing short of gasoline burns with greater intensity than a dry Christmas tree.

The tree should be placed away from exits, the fireplace, stove, radiator, powerful electric lights or other sources of heat. Only "UL" approved lights should be used on the tree. Lights which have been used before should be checked for broken or brittle insulation and damaged sockets. If the damages cannot be repaired, discard the string and don't overload electrical circuits with additional lights, toys and appliances, warns the Council.

Decorations on the tree and in the home should be of nonflammable materials. Tree lights should be turned off when no one is at home and the tree should be discarded when the needles begin to fall.

If you are planning a trip during the Holiday Season, remember that a lot of other Americans will be doing the same. Traffic conditions are often bad due to weather conditions and the driver urge to get some place in a hurry.

Milam ASCS Report

Preliminary state results for cotton and peanut referendums conducted December 11, 1962 have been received by Milam County Agriculture, Stabilization and Conservation Service, according to Alva E. Sanders, office manager.

In the cotton referendum there were 29,812 voting for cotton marketing quotas and 6,023 voting against quotas. This is 83.2 per cent voting for as compared with 90.6 per cent voting for quotas for the 1962 crop.

In the peanut referendum for 1963, 1964 and 1965 crops there were 3,755 voting for and 303 voting against quotas. This is 92.5 per cent voting for quotas as compared with 89.9 per cent voting for quotas in the last previous referendum conducted in 1959.

In Milam County the cotton vote was 313 for quotas and 16 against quotas. The peanut vote was 32 for and 2 against quotas.

The unusually low number of ballots cast in this year's referendum was undoubtedly due to the extremely cold weather, Sanders said.

in the frost-wilted plants, and are responsible for the prussic acid development. The poison acts quickly and can kill an animal within a short time. Whether a poisoned animal can be saved depends on how soon a veterinarian can get to it.

Frosted Johnsongrass should not be grazed until it is completely dry. If it is ready to cut for hay before a frost, it may be cut the first day after frost if care is taken to see that it is completely cured before baling.

Frost-wilted plants may also be used for silage. Generally, the prussic acid is lost in gaseous form during the ensiling process.

The following first place winners in the county Pecan Show were sent to College Station for competition in the State Show: Desirable - Mr. and Mrs. Alvin Dusek, Cameron. New Changes Noted In Income Tax Legislation

COLLEGE STATION — During the last session of Congress important legislation relating to income tax payments was passed. Among the changes were depreciation and tax credit on certain types of assets used in farm and ranch operations as well as other businesses, reports C. H. Bates, extension farm management specialist.

The investment credit provisions is a tax credit of 7 per cent, computed on the purchase of investment in depreciable, personal, property during 1962 and thereafter. Livestock, including race horses, are excluded from the list of eligible items, Bates points out. The credit is given only for the tax - year in which the business asset is acquired and includes such items as tractors, combines, trucks cotton harvesters and new fences, explains the specialist.

Here is an example of how the investment credit provisions works. Assume a tractor is purchased in November 1962 for \$5,000 with no trade-in. The useful life of the asset determines the amount of tax credit allowed. If the tractor is set up on a life of 8 years, a full 7 per cent of the purchase price of \$350 is credited on the tax due from the taxpayer for 1962 business operations. If the asset has a determined life of 5 years, only a third of this amount is allowed as a tax credit. Assets having a 6 or 7 year life entitle the purchaser to two-thirds of the \$350 tax credit, explains Bates.

Used equipment items get the tax credit, too, but are reported separate from new assets, says Bates. In case of "trade-ins" the portion of the purchase price eligible for tax credit is computed differently on new and used equipment.

Because this provision is new some taxpayers may overlook the requirement that the tax credit is compulsory on eligible assets.

Progress Told On Screwworm Fly Program

MISSION — Sterile screwworm flies are currently being dispersed in 73,000 square miles of Texas, 7,000 square miles of New Mexico and 10,000 square miles along the international border in Mexico. Last week, 77,576,450 flies were distributed, of which about half were males.

The flies are reared in a huge "fly factory" built near here with funds collected from individual livestock producers. They are sexually sterilized by being subjected to cobalt-60, a radioactive material, and are then dispersed by air-drop.

Program officials are already making plans to extend the barrier of sterile flies that will stretch along the international border from below Brownsville to the New Mexico-Arizona state line. If weather permits, officials expect the entire barrier to be in place by February 15, 1963. This barrier is designed to prevent native screwworm flies from entering areas where screwworms have already been eradicated. It is anticipated that nearly 50 million sterile flies per week will be needed for the barrier.

The small number of screwworm specimens being sent in to the Mission laboratory for identification indicates that cold weather is taking a large toll of screwworms in the state. Only 492 specimens were submitted and 879 cases reported without samples last week. Only a few weeks ago, several thousand cases were being reported weekly.

Program officials urge farmers and ranchers to continue to keep close watch over their livestock and treat any wounds and screwworm infestations that may be observed. Producers should also keep sending samples and reporting cases to Mission so that those in charge of the program will know where screwworms still exist and in what numbers.

New Ways For Growing Cotton

DALLAS — Grandpa and his long-eared mule probably would shake their heads in disbelief if they could hear some of the new-fangled ways of growing cotton which will be discussed at a conference here, January 10-11.

The occasion will be the 1963 Beltwide Cotton Production - Mechanization Conference sponsored by the National Cotton Council and other groups. Some 800 persons are expected from across the Belt and the nation.

From leading authorities grandpa could hear such things as: -How a Mississippi farmer has formed his land for better moisture control, timing of operations, plant growth and weed and insect control.

-New approaches to fighting the boll weevil, including poisoning the pest just before he goes into hibernation for the winter and sterilizing males to reduce the number of offspring.

-Importance of row and bed shapes in mechanized cotton production.

-Latest methods and equipment for controlling weeds with chemicals and flame.

-Ways to get the best possible yields with the least amount of water.

-New fertilizers which are being investigated by various groups.

-An evaluation of the use of moistening agents on the spindle of mechanical pickers.

Now research is investigating the possibility of putting an electrical charge on insecticide particles so more of them will stick to the leaves of cotton plants.

PTA Hold Party For Baptist Church Holiday Season At Rogers School

ROGERS — The highlight of the annual Parent Teacher Association Christmas party and program Monday night was the program presented by the new elementary Chorus, directed by Charles Conner. The group sang favorite Christmas songs including "Rudolph the Rednose Reindeer," "Jingle Bells" and "Santa Claus is Coming to Town."

The Rev. Wayne Murph, pastor of the First Methodist Church, gave the inspirational. The program was presented by the vice president, Mrs. D. D. Ward.

In the business meeting, Mrs. Floyd Frits, president, appointed the following committee to audit the books of the carnival held the first Saturday in November, as follows: A. A. Kretschmar, chairman, Miss Pocahuntus Culbreth, Wayne Cobb. Another committee appointment was the Constitution and By-laws, headed by Mrs. Woodrow Chervenka, with J. L. Chervenka, and Mrs. E. A. Smith Jr.

Darwin Schwertner, General Director of the Carnival, gave his final report, showing net proceeds of \$1,239.99 from the Carnival.

After the business meeting, the hospitality committee headed by Mrs. Anton Necas and assisted by Mrs. O. J. Ward and Mrs. Helen Farrell, served refreshments.

FHA Holds Party At Rogers School

ROGERS — The Future Homemakers of America, Rogers High School Chapter, held their annual Christmas party and program in the cafeteria Wednesday afternoon with the president, Margaret Pechal in charge.

In keeping with the Christmas spirit, Jean Hicks, Barbara Smith, Geneva Cobb, Rita Taylor and Diana Engbrock gave a musical inspirational that brought out the joyful highlights of the season. Janet Caba, the projects chairman, announced that the Chapter would "launch good citizenship through homemaking" by making Christmas gifts for the Veterans Hospital Center in Temple.

A special display of gifts was shown by Homemaking II and III classes, which included smocked pillows, stuffed toys and candle centerpieces.

After adjournment of the regular meeting, refreshments were served by the homemaking department mothers: Mrs. C. O. Gunter, Mrs. J. R. Cobb, Mrs. H. H. Wright, and Mrs. Johnny Carpenter. Mrs. Myrtle Wood and Mrs. Fontilla Holman are the sponsors.

Chamber To Be Honored In Ft. Worth

FORT WORTH — The Cameron Chamber of Commerce has received an invitation to be honored on a special day at the 1963 Southwestern Exposition and Fat Stock Show, January 25-February 3.

W. R. Watt, Stock Show president - manager, said by selecting a "day" at Fort Worth's 67 - year-old exposition the city would receive special recognition both at the show and over a wide area of Texas.

The invitation provides a block reservation of Rodeo seats, for advance sale locally. The delegation would be presented to the Rodeo crowd in a spotlight introduction during the performance. The local band is invited to play a concert on the Stock Show grounds and be the show's guests at the Rodeo.

Gov. Daniel
Asks Help For
Traffic Watch

Gov. Price Daniel said recently he had written all Texas sheriffs and chiefs of police asking that they join Col. Homer Garrison, Director of the Department of Public Safety, in assigning "every available man to the streets and highways during dangerous holiday traffic periods. Our hope is that careful driving and extra law enforcement will hold the traffic death toll below the 92 fatalities estimated by the Department."

The Department of Public Safety has officially estimated that the 11-day "Operation Death Watch" would produce 92 traffic deaths between 12:01 a. m., Saturday, Dec. 22 and 11:59 p. m., Tuesday Jan. 1.

The estimate was the third lowest for any year - end holiday period of 10 days or longer since 1949 and followed the over - all improvement in the traffic death situation in recent years.

The Governor said he was pleased by the announcement from Col. Garrison that the regular manpower of the Texas Highway Patrol would be augmented by 150 uniformed men from the License and Weights and Motor Vehicle Inspection Division to assist with holiday traffic.

"I feel sure that our Texas sheriffs and chiefs of police will cooperate with Col. Garrison and his men in holding down traffic violations this year, as they have in every

Mrs. White Hosts
WMU Meeting,
Christmas Party

By Mrs. S. S. Hickman

Mrs. Harry White was hostess when the WMS held their Christmas party Saturday. The seasonal holiday motif was carried out in the decoration. Group singing of Christmas carols and gifts were exchanged from a lighted Christmas tree. Refreshments were served to approximately 20 members and guests.

Mrs. J. A. McKinney and Miss Ethel McKinney were guests of Miss McKinney's sister, Mrs. W. D. Boswell of Waco during the first of the week.

Mr. and Mrs. Hope Jamison and Hope Jr. of Freeport spent the weekend at their country home and attended church services Sunday.

Mr. and Mrs. Herman White and daughter Judy of Sweeny were

holiday season in recent years," the Governor said.

"Because excessive speed and driving while drinking were the two principal causes of fatal highway crashes, both last Christmas and last year, I am asking all law enforcement agencies to crack down especially hard on these violations," the Governor added. "Our highways are built to provide maximum safety for all highway users, and we should not permit a dangerous few to wreck the safety and enjoyment of the many."

guests of his mother Mrs. Alma White over the weekend.

Dr. and Mrs. Billy Yager and son Larry of San Marcos were recent guests of his parents Mr. and Mrs. E. B. Yager. Dr. Yager is a member of the Southwest State Teachers College faculty there.

May, Polly Atkinson of Fort Hood was a mid - week guest of her sister and brother, Miss Susie and Burnett Atkinson.

Rev. and Mrs. Weldon Harris and two sons Roger and Stephen were Saturday night guests of Mr. and Mrs. Ed White. They were Sunday dinner guests of Mr. and Mrs. J. E. Harwell.

Rodney K. Fontaine of Midway spent the weekend with his family here, Mrs. Fontaine and Karen.

Mr. and Mrs. T. B. Stidham were recent guests of their daughter and family, Mr. and Mrs. Dwight Moody of Cameron.

Rev. and Mrs. Stanley Ray, Barbara, Jane, Chris and Francis of Fort Worth visited among friends here Saturday. Rev. Ray is a former pastor of Little River Baptist Church. Both he and Mrs. Ray are missionaries in Nigeria Africa They are in the States on furlough and will return to the mission field at the termination of their furlough. Barbara and Jane will remain in the states to attend school.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending Saturday December 15, 1962 were 36 strep throat, one whooping cough, three mumps, one syphilis and one gonorrhea according to Dr. T. E. Crump, acting director of the Milam County Health Department.

ACCIDENT HAZARDS

Fire and accident hazards are multiplied at this season and most are man - made. Unless more attention is given to safety, the results could mean a disaster, warns the Texas Farm and Ranch Safety Council. They call special attention to hazards in the home and these include the family Christmas tree. Keep it fresh and use nonflammable materials for decorations, advises the Council. Be especially careful if you drive on highways and streets for weather conditions are often bad during this season. The care you exercise when driving may save your life, they say.

"And to All a
Bright Night"

Chances are, it's Alcoa Aluminum that stands all aglitter on Main Street tonight.

And there's also a pretty good chance your neighbor helped put it there. You see, Alcoa has a lot of aluminum smelting capacity in Texas; more, in fact, than in any other state. From plants at Point Comfort and Rockdale, aluminum ingot goes out to be rolled into an Alcoa aluminum foil product—a basic item to add

sparkle and cheer at Christmastime.

This glistening decoration, brightening streets both day and night, is made by Alcoa customers such as the L. C. Williams Company of Houston—the world's largest manufacturer of Christmas decorations for civic use.

You'll appreciate the usefulness and beauty of aluminum everywhere this Christmas: in trees and gift wrappings, in toys and tea kettles, in autos and sporting goods.

Yet, while Christmas comes but once a year, Alcoa Aluminum is a happy metal for all 12 months. We think you'll like its attractiveness and durability in July, as well as December—in everything from brilliant jewelry to shimmering skyscrapers.

Coach Joe Kerbel told about the time he has lost a few games and received a letter from an irate fan telling him to get out of town and suggesting that he be replaced by the junior high coach. His son in the fourth grade found the letter, read it and started to cry.

Kerbel told him not to cry and that it didn't mean anything. But the son told him that the junior high coach was not the man for the job. The job should be given to his fourth grade coach!

And he said that his wife was always with him 100 per cent win or tie.

It is generally agreed that the people who didn't go to the football banquet missed a very good speaker — or two. Coach Sonny Everett was in top form as he told stories on each of the varsity lettermen.

It was a night of fine speeches, humor and fine food to honor the boys who went thru one of the roughest schedules in the past few years. This is the first time in years that any team on the schedule has been in the state finals . . . and Rockdale is!

Yoe Drops Two In Taylor Tourn.

The Cameron Yoemen ran into stiff opposition in the Taylor Tournament last weekend as they lost two games. Pflugerville dropped the Yoemen 55-36 and Elgin won their bout with the Yoemen 43-35.

Top man in the scoring department for the Yoemen was Merlin Lester with 12 points in the first game and eight against Elgin. Next was Laurence Laffere who totaled 18 points. Ronnie McWilliams had 11 points to lead in the Elgin game.

The Yoemen take on Rogers in the only game before Christmas.

Yoe - Yoes Down Rosebud 26 - 19

Playing a tough defensive game the Ada Henderson team won a game Tuesday as they dropped Rosebud 26-19.

Don Manley was high point man for the Yoe - Yoes with ten points.

Rockdale-Jacksboro To Battle For AA Crown

Rockdale's Tigers will take on Jonesboro in Arlington Friday 8 p. m. for the state crown.

The Tigers earned the right to go to state competition by topping Sinton 14-0 last Friday in Seguin. A crowd of 5,000 football fans saw the Rockdale victory.

Rockdale gathered in 164 yards on passes in the opening half including the game's only two touchdowns on long pass plays.

The first touchdown came when quarterback Dickie Summers passed a 38 - yarder to end Ronney Seelke who made the catch in the end zone after Sinton's Ray Cantu tipped the ball.

The scoring drive climaxed an 86 - yard push in seven plays.

Summers also passed a 16 - yard pass to halfback Ronny Menn and a 15 - yard toss to halfback Ronnie Brannon.

With a little over two minutes left in the first half Rockdale scored again when Summers pitched out to Menn, who threw a south-paw pass 20 yards to flanker Copie Perry. Perry shook off two Sinton players and ran 53 yards to paydirt. The play covered 73 yards.

In the first half Sinton gathered 103 yards in rushing but the Tigers held them at the 10 and 34 yard lines.

Rockdale's linebackers L. B. Kubiak, Richard Sullivan, Lester Gibson, Seelke, Jim Killen, Tommy Clark, Wayne Voskamp and Ernie Laurence held the Sinton 11 to 40 yards in the third quarter and a minus one yard rushing in the final period.

Sinton threatened to score once in the final two minutes of the game when a pass from quarterback Frank Weir to Cantu carried 47 yards to the Rockdale seven. However, Mike Rigotti was stopped for no gain and Weir was thrown for losses twice by the

Tiger line. Weir passed to Mike Marier for 11 yards but Brannon knocked him out of bounds on the Rockdale one and the ball went over on downs.

Summers totaled 77 yards rushing for Rockdale on 12 carries and completed seven of 18 passes for 131 yards. The Rockdale defense

Kerbel Speaks Mikula Awarded QB Club Trophy

A crowd of 350 football fans heard Coach Joe Kerbel of West Texas State College speak and saw the Cameron Quarterback Club Trophy awarded to Mike Mikula.

Coach John Roberts awarded three Certificates of Achievement to outstanding players in the past season. Amos Doskocil was awarded the Most Valuable Back Award, Eugene Schattile was given the Most Valuable Lineman award and Bob Dymke was given the "He Held That Line" award, which is a defensive award.

Roberts introduced Kerbel who held his listeners in close attention with his staccato delivery of a speech on the value of football. Interlacing humor with his speech he explained that football gave the boy perseverance, loyalty, devotion and taught him to make sacrifices.

"Football is the one place that our youth can find the toughness needed to face the actual events in later life," the stocky coach said.

The West Texas coach went on to tell his listeners that the game makes the boy mentally tough and gives him the right mental attitude to face the events in later life. He said that he wants each of his boys to be outstanding both on and off the field.

The coach, who came to West Texas State only three years ago, will take his team into the Sun Bowl December 31 against the University of Ohio.

Monroe Fuchs, Cameron Booster Club Secretary - Treasurer gave the method of selecting the winner of the Quarterback Trophy and presented the award to Mikula. The Trophy is awarded each year to a boy judged to be outstanding in football, scholarship and citizenship. This is the fourth year the trophy has been awarded.

High hard running style made him one of the most feared backs in the district.

The first Olympic Games recorded occurred in 776 B. C. in Greece.

The first Oxford and Cambridge boatrace was held at Hensley, 1829.

Doskocil was named as the Yoemen's most valuable back at the banquet last Monday.

He gained 634 yards as the leading ball carrier, gained 46 yards on pass catches and was a top kickoff return man with 20 returns for 398 yards.

High hard running style made him one of the most feared backs in the district.

The first Olympic Games recorded occurred in 776 B. C. in Greece.

The first Oxford and Cambridge boatrace was held at Hensley, 1829.

Mrs. Waits Given
Bridal Party

ROGERS — Mrs. Carl Waits, bride of Carl Waits, of Rogers was honored by the Ladies of the First Methodist Church with a bridal tea in the parlor of the church Wednesday from 4:30 until 6 p. m.

In the receiving line were Mrs. Waits, Mrs. Tommie Jo Skinner and Mrs. Woodson Waits. Miss Eva Rae Mills registered the guests. Miss Linda Keith poured the spiced tea and Miss Shirley Luksa served miniature Santa and Christmas tree cookies.

Refreshments were served from a table that carried out Christmas decorations. Head table held an arrangement of red carnations in a silver bowl and red candles in silver candelabra. The table covering was a lace cover over red mauline table cloth. Over 100 guests registered.

Mrs. Waits is the former Miss Susie May. She is a senior in Rogers High School. Mr. Waits is a graduate of Rogers High School where he was an outstanding student and athlete. He is a senior now at Sam Houston State Teachers College, planning a career in education.

Mrs. Jackson Hosts
Pleasure - Profit
Christmas Party

The Pleasure and Profit Club met Thursday in the home of Mrs. Bartow Jackson with 19 members and one guest, Mrs. A. E. Jones, present.

After a traditional Christmas story by Mrs. Jackson, Danny Kelley gave a piano program of Christmas music.

The house was decorated through out in the seasonal manner and the table was covered with a green net cloth decorated with red poinsettias. The centerpiece was made up of corsages of holly for each member on which was a number that corresponded with a number on a gift on the tree. In this manner gifts were exchanged between members.

Silver appointments were used on the table and Mrs. Perry Holder and Mrs. Jones served the salad course and coffee.

Mrs. Jackson gave each guest a handmade pot holder of green felt decorated with a red poinsettia.

Party Honors
Debra Burnett

Debra Faye Burnett was honored on her third birthday with a party given by her parents, Mr. and Mrs. Albert N. Burnett at their home Monday.

Those attending were Janet Angell, Brenda Burnett, Deborah Ermis, Janet Fuchs, Kay Holley, Anne Marie Marek, Juliann McDaniel, Linda Perkins and Sandi Roddam.

Decorations were for the holiday season. The table featured a red and white cake, peppermint candy tree and a Santa Claus glass filled with candy. Red punch was also served.

Flavors were decorated red felt slippers.

"THE MADONNA AND CHILD ENTHRONED" is a 15th century representation of a favorite subject for artists. Painted in tempera on wood, it is the work of Fra Filippo Lippi, a Florentine who is known for his use of color and graceful line. From the Metropolitan Museum of Art, The Jules S. Bach Collection, 1949.

Minor Accidents
Take Place On
Milam Highways

Four minor accidents occurred on Milam County's highways the last weekend. There were no serious injuries.

Friday December 14, Q. W. Williams ran into the back of a fertilizer trailer being pulled by Albert John Heintze. The accident took place at 9:20 a. m. on the Temple Highway 1.4 miles west of Cameron. There were no injuries but Williams' truck suffered about \$175 damage and the damage to the trailer was estimated at \$75 by Patrolman Gilbert Smith.

Eugene Malone ran his 1948 Packard off the road way and struck a parked vehicle owned by G. P. Schramm. The accident took place at 12:45 a. m. Sunday morning on FM 968 west of Rockdale. Damage to the Schramm pickup was \$110 and the Packard was totally damaged.

The heavy fog accounted for two accidents this week both of them at the same intersection. December 17 at 5:45 a. m. Wilson Travis Catoe of Houston hit a guard post at the intersection of Texas 36 and 79 west of Milam. Smith reported about \$125 damage to the pickup.

Tuesday at 12:30 a. m. a 1955 Chevrolet driven by Berkley W. Donaldson of Fort Worth ran thru the guard posts and hit the directional signs at the intersection and went 216 feet before coming to a stop according to Patrolman Durwood Kennedy. The accident knocked the hood off the car and damaged the signs.

Herald Editorial Page

MERRY CHRISTMAS...

The Herald foregoes much of its usual format at Christmastime to bring a measure of the Yule season to its readers.

That measure is spelled out in the simplicity of hundreds of letters to Santa from the children of Milam County.

These letters tell about a vital aspect of Christmas: receiving a gift. While emphasis is on giving, it takes a recipient to acknowledge the gift. And this is fundamental in the symbolism of Christmas.

Who could better receive a gift than a child? Without children, there is no Christmas. Without the birth of a Child 1962 years ago, we would have no

Christmas.

These letters hold an element most important to us all, the element of belief. In a world... or a universe... of cynicism, faith even in an old gentleman who brings toys to children is a remarkable thing.

A little doubt goes a long way. A little faith goes further. Whether in Santa Claus, his reindeer or a deeper meaning of Yuletide, faith makes enduring those things believed.

It is in this spirit of Santa Letters that we present the 1962 Herald Christmas edition.

We extend a sincere hope that Herald readers everywhere will enjoy a Merry Christmas and Happy New Year.

Dateline Austin —

Wilson Salutes Newspapers

By Vern Sanford

AUSTIN — In his final press conference as attorney general, Will Wilson paid tribute to Texas newspapers for helping expose graft and corruption.

Wilson said that Texas newspapers, large and small, deserve a lot of credit for the progress he made during his six years of administration.

"In our system," he said, "The light of day, brought through the news media, is the most efficient press for bringing the slanted hole oil well probes of East Texas into the open, exposing the anhydrous ammonia tank maneuvers of West Texas, and calling for fast action in other scandals."

He remarked that he considers a probe for corruption of local governments the field that offers the most investigative opportunity to his successor, Waggoner Carr.

MAN HUNT

Meanwhile, incoming AG Waggoner Carr is involved in a search for able assistants for the attorney general's department. He wrote Leon Jaworski, president of the State Bar Association, that it's very difficult to find trained men.

Number of assistants now has dwindled from 80 to 68.

Carr said he needs capable men with good courtroom experience, as there are 4,000 cases pending in the attorney general's office, and the "eyes of the nation" are on the slanted - hole well investigations.

A major problem is finding experienced attorneys willing to work for low pay. Beginners make about \$400 a month. Nine division heads draw \$10,500 annually.

Bar association promised to help Carr with the man hunt. First step was to name a 19 - member committee to work with the incoming attorney general.

COURT BACKS COMMISSION

Railroad Commission's new "Rule 54" which restricts slanted wells, passed its first legal test when Dist. Judge Jack Roberts upheld the commission's order for a directional survey on a deviated well in the East Texas field.

Roberts turned down an application from attorneys for the L. G. No. 2 Alexander lease in Gregg County, who sought an injunction against the commission and against Tidewater Oil Company. Tidewater wants to determine whether the L. G. is bottomed under its own lease or under Tidewater's adjoining property.

FAREWELL PARTY

Admired a pine tree setting some 2,500 public officials, state and federal employees and other friends of the outgoing governor staged a \$10 a plate honor banquet for the Price Daniels.

Location was Austin's Municipal Auditorium.

Included among a long list of headliners were Vice Pres. Lyndon Johnson, Gov. - elect John Connally Lt. Gov. - elect Preston Smith, RR Commissioner Ben Ramsey, former Atty. Gen. John Ben Shepard and State Bar Pres. Leon Jaworski.

All paid tribute to the retiring governor for his work while a legislator, Speaker of the House, Attorney General, U. S. Senator and Governor.

Mrs. Daniels was presented with the keys to a new car.

LARGEST PARADE

Largest inaugural parade in the state's history is planned for this capital city. Date is Tuesday afternoon, January 15.

Parade will follow the noon swearing - in ceremonies for Governor John Connally and Lt. Governor Preston Smith.

Many Texas cities plan to enter floats.

J. J. Pickle, parade chairman, says that high school bands throughout the state have been invited to participate, as have college and military bands and drill teams.

The U. S. Navy also has requested an opportunity to march in the parade, in salute to its ex-secretary.

THE OLD PHILOSOPHER

Philosopher Takes Time To Acknowledge That Yule Spirit Has Arrived Once Again

Dear editor:

Along about this time every year people used to say, "What, you mean Christmas is here again? Why it doesn't seem like any time since the last one."

But you don't hear that anymore and anybody who claims Christmas has slipped up on him obviously has a busted television tube and hasn't seen a newspaper since before Thanksgiving.

I was talking with a prominent man in town the other day and he said he's noticed that Christmas cards have started arriving a lot earlier than they used to, he's already gotten 75 two weeks before Christmas.

Another man chimed in and said, "Yeah, but isn't it a shame some people wait twelve months and let you hear from them only at Christmas time?"

Well, now, I'll tell you. Hearing a great barrier in most industries, with a special problem for workers in the 40-55 age bracket.

4. That the Legislature consider granting greater autonomy to local governments and that it remove from the statutes county and city laws no longer in force or effect.

5. That county officials convey court - committed, mentally ill patients to state hospitals immediately and not hold them in county jails.

Eleven committees offered some 50 pages of suggestions to the council. Many of the bills proposed already have been drafted.

LEGISLATIVE RECOMMENDATIONS

Study committees for the Texas Legislative Council - official bill-drafting body for the state-offered these recommendations to the 58th Legislature.

1. That the attorney general's job be limited to a "strictly legal" capacity by removing him from all ex - officio memberships on board and commissions, except those created by the Constitution. He now serves on 18 boards, in addition to his duties as attorney for the state.

2. That health and accident insurance firms be required to refund premiums if the insured asks to cancel within 10 days after he receives his policy.

3. That state agencies be prohibited from denying jobs in the basis of age, except for certain law enforcement posts. A study revealed

from some people once a year is just about right. But I won't go into that. Congress will never get around to handling the problem of kinkfolks and in - laws. That's one area you haven't got anything to worry about when it comes to Washington's stepping in with Federal control. Congressmen are human beings too, they've got relatives too, and they'll never tamper with a system whereby a Christmas card is a substitute for a visit.

There's nothing wrong with giving gifts at Christmas time, and there's nothing wrong with receiving them. I'm in favor of both, and if you know of anybody who's opposed to the latter, put me in touch with him. I'll be glad to relieve him of his burden.

I like Christmas, and I'll come right out in the open and say it: Merry Christmas, Mr. Luecke.

Yours faithfully,
J. A.

Brotherhood Has Dinner, Fellowship

At Rogers Church

ROGERS — The Men's Brotherhood of the First Baptist Church of Rogers sponsored a church-wide dinner and fellowship meeting Wednesday at 7 p. m. in the church parlors, as announced by pastor The Rev. Clyde Lee Herring. Wilbur Jackson, president of the Brotherhood, was master of ceremonies at the dinner.

Jackson reports that about 130 plates were served at the dinner. Following the dinner, Mr. and Mrs. Herring had charge of entertainment which included some group games.

In order that parents of primary age children might attend the dinner, the Primary Department of the Sunday School gave the primaries a party in their department during the brotherhood dinner. Mrs. J. D. Knight, Mrs. W. A. Warren and Mrs. Claude Foster had charge of this party.

Where Is Social Security Leading?

The U. S. business is concerned about the decrease of profits (about 9 percent average in 1950 after taxes) in the past 10 years.

Some of the difference can be attributed to a steadily increasing social security matching fund paid through payrolls, whether government, private enterprise or what have you.

Proponents of social security see great benefits for this system of saving for old age or disability or other government assistance. But what they minimize is the matching cost to the employer, whether government (the nation's largest employer) or private enterprise.

With the increase scheduled for January 1, 1963, the employee contributes 3 and 5-8 per cent and his employer contributes a like amount, making the total 7 1-4 per cent. It is quite likely that employees do not fully realize what this means to their income potential.

By 1968, two more increases will have matching funds from employee and employer totaling 9 1-4 per cent or more than 4 1-2 per cent from each. (See Story Page 9.)

The average profit for private enterprise has skidded from 9 per cent to something like 3 to 4 per cent in the 1960's. Net result is that capital is going for investment either into tax - free government securities or into foreign companies. This outflow ultimately means financial standstill for free enterprise in this country.

If by 1968, free enterprise is paying more than 4 1-2 per cent for social security employee funds, it is another full percentage point off of business profits. As this continues several things happen.

ONE — Business must increase its cost of operation, causing American industry to be less competitive, forcing further export of capital investment.

TWO — Business can absorb the increase and figure 1 per cent less in net income after taxes, further discouraging investment.

THREE — Business will further efforts to automate and displace, if not eliminate hundreds of thousands of jobs.

FOUR — Greater numbers of persons could possibly turn to government for aid in the shifting of industry, forcing additional needs for tax monies.

Though it is five years away, a decision will be necessary whether or not to continue the 1968 social security rate or to increase it, considering the potential of historic inflation.

But the decision best be made now. The outflow of capital, the slow rate of domestic growth, the continued growth of government are present fact.

Social security withholding is just one more factor that the free enterprise community, both the employer and employee, should study. Taxes stem from income, all based on investment. If that capital continues to flow to other countries and they become more competitive, not only businesses, but more and more jobs will disappear.

The Administration now considers a tax reduction, but little has been mentioned about cost reduction. If social security continues upward, if taxes are cut, if government continues to grow more expensive, it is quite obvious where the U. S. will be by 1968.

Employees must realize where the principle of matching social security funds ultimately leads. If they feel that one day they or their offspring would like to be self - employed, in the American tradition of free enterprise, then they better take these gradual increases in cash while they have earning capacity rather than after age 62.

LITTER MANAGEMENT

Improper litter management in the poultry house during the winter season can result, says Ben Wormeli, extension poultry husbandman, in poor flock performance. Litter, he adds, is constantly in the process of taking on and giving off moisture and good ventilation in the laying house is a must.

FARM TAX GUIDE

All farmers and ranchmen are urged by C. A. Bates, extension farm management specialist, to obtain a copy of the 1963 Farmers Income Tax Guide from the local county agent's office or the Internal Revenue Service before work is started on the filing of 1962 income taxes. Legislation passed by the last session of Congress made changes which are important in figuring 1962 taxes, he says.

TREE SEEDLINGS

An ample supply of tree seedlings is available from the Texas Forest Service for planting this winter. Pine seedling shipments will begin very shortly and trees for windbreak plantings around mid - February, says Bill Smith, extension forester. Local county agents can supply information on this tree program.

HARD OF HEARING LOSSES ARE DIFFERENT

Each hearing loss is different and each case must be fitted different. In the past few years research has proven this over and over — for example:

1. Some people can understand talking to one person, but in a crowd everything seems to run together.
2. Some hear men's voices but can not understand women or children.
3. Some hear good in small groups, but in church or group meetings they miss part or all that is said.
4. Some have heard noises that stay with them day and night. We could go on and on, but its obvious from the above that it is impossible to fit the many different types of hearing loss with just a hearing aid. Neither could you take one set of glasses and fit everybody's eye lens.

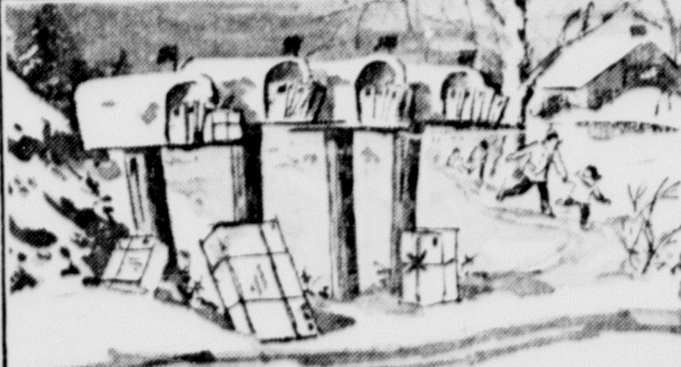

To fit the hard of hearing as they should be fitted, a complete test must be run to find the type of hearing loss they suffer from. Then using the Evaluator we are able to know what to build in your instrument to correct your hearing loss. With the Evaluator you will know exactly how you are going to hear before we send your prescription to the Lab to be built in most cases the cost is less than you would pay for a hearing aid, so why take a chance.

If you have a hearing problem of any kind you owe to yourself to come in for a test. (The tests are free.) Remember — It's better to light a candle than to curse the darkness.

Mr. Treadway will hold his regular Hearing Clinic at the Cameron Hotel in Cameron Saturday, Dec. 22nd from 10 a. m. to 1 p. m.

Our Temple office is open each day to serve you, altho Mr. Treadway is there only on Thursday and Fridays. We do repair service and have supplies for all makes of hearing aids. If you are unable to come to the clinic, write or call and we will come to your home.

In The Service

TRAVIS AFB, Calif. — Airman Second Class Carl D. Wright of Austin has been cited for his recent contribution to the safety of his fellow workers here.

Airman Wright, a United States

Air Force vehicle operator, designed a safety harness for use on the "cherry picker," a mobile maintenance platform capable of reaching 15 feet above the ground. The harness, which was designed from a used safety belt and few bolts holds the worker securely to the lift while making above - ground level repairs.

The airman and his wife, the former Patricia S. Davis of Austin, have one daughter. They are presently residing in Vacaville, Calif.

Airman Wright, who entered the Air Force in June 1961, is the son of Mr. and Mrs. James E. Northman of Rt. 1, Rogers.

MAXWELL AFB, Ala. — Captain Henry C. Hill of Cameron, graduated from the United States Air Force's Squadron Officer School at the Air University here Friday.

Captain Hill was selected for the special professional officer training in recognition of his demonstrated potential as a leader in the aerospace force.

The captain is the son of H. C. Hill, Rt. 1, Cameron. Captain Hill, who holds a BS degree is a member of the Association of Former Students at Texas A & M College.

The Squadron Officer School, a part of the professional officer education system at the Air University, prepares young officers for command and staff positions at squadron and wing levels. The current graduating class was reduced in strength when many of the students were recalled to their permanent units in response to the Cuban crisis buildup.

CAMP PENDLETON, Calif. (HITNC) — Marine Private Freddie W. Hoskins, son of Elvin Hoskins of Cameron is scheduled to complete four weeks of individual combat training Dec. 21, with the Second Infantry Training Regiment at Camp Pendleton, Calif.

The training provides newly enlisted marines with a background of experience in the field under combat conditions. Live - firing exercises are conducted in addition to field trips and classroom lectures.

Under carefully selected instructors, the young marines learn to take their places in small fighting units, such as the four - man fire team and the 14 - man squad.

Social Security Tax Increase Scheduled To Begin January 1

Dorelle L. Allen, district manager of the Temple Social Security Office, announced today that his office now has on hand copies of a printed explanation of the social security tax increase scheduled for January 1, 1963; the explanation is suitable for enclosure with employees' pay checks on the first pay day of the new year.

Beginning with that first pay in January, Allen advises, the worker's social security deduction will be increased by one - half of one percent on the first \$4800 of annual wages. With this increase, the amount of the social security tax will be 3 5-8 per cent for an employee, with a matching amount contributed by the employer.

The social security law as originally enacted in 1935, called for a beginning tax rate of one percent for employee and for employer on the first \$3000 of annual earnings, with gradual increases until the top rate of 3 percent was reached in 1949.

These tax rates, it was estimated, would be required to finance the retirement benefits of \$10 to \$35 per month, the only type of benefits provided under the original law. But the scheduled increases were not permitted to go into effect, and the tax rate was not even increased to 1 1-2 per cent until 1959.

Many improvements have been made in the original law. Benefits have been added for the dependents and survivors of workers and also for disabled workers and their

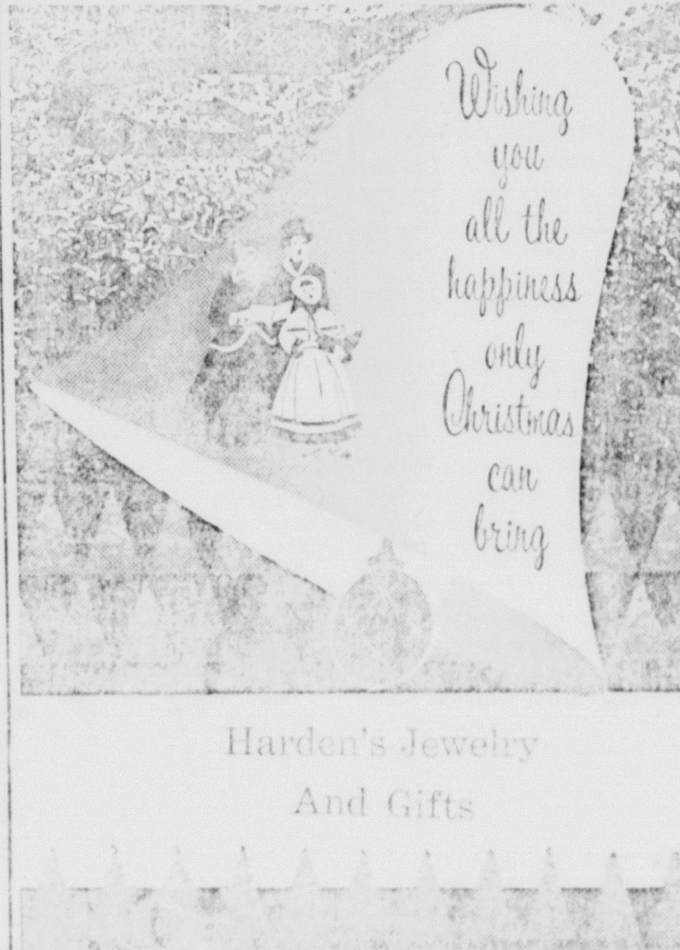

families. Benefits have also been increased several times to take account of rises in the cost of living. Under the present law, benefits to workers age 65 and over range from \$40 to \$127 a month. A retired couple may collect as much as \$187.50 per month. Family payments range up to a maximum of \$254 per month.

Under the law as it now stands, there will be two more increases in the social security tax rate, one in 1966 and the last in 1968. Each increase will amount to one - half of one percent so that, beginning in 1968 an employee will be paying 4 5-8 per cent of his annual earnings toward his social security protection.

The difference between the originally planned top tax rate of 3 per cent and the top 4 5-8 per cent rate that will go into effect in 1968, will go partly to pay for the additional protection and higher benefits. It will also help make up for the money not collected because the tax increases scheduled for the 1940's were postponed.

Employers and the general public may obtain printed copies of form OASI - 54e, "An Explanation of the Social Security Contributions", by visiting, phoning or writing at 909 First National Bank Building. The telephone number is Prospect 8-1861.

Employers may also wish to request copies of the new Social Security Employee Tax Table for the convenience of their payroll offices.

Estimated 180 Persons To Be Killed In 11 Days

AUSTIN —The director of the Texas Department of Public Safety reported today it is estimated 180 persons will meet violent death during the 11 day Christmas - New Year holiday season - 92 of them in traffic crashes.

Col. Homer Garrison Jr. said the estimate is based on past experience over many years and compiled by DPS Statistical Services Manager N. K. Woerner. Purpose of the estimate, Garrison said is to focus public attention on the dangers that accompany the holiday season.

He said that past statistics indicate that in addition to 92 "motorcycles," 42 persons will be victims of suicide and homicide, and 46 will die violently in various accidents other than traffic.

The public safety director announced that "Operation Deathwatch," will be in effect from 12:01 a. m. Saturday, December 22 through 11:59 p. m. Tuesday, January 1, 1963. During this period, he explained, the Department of Public Safety will tabulate violent deaths by category and make releases

to the news media three times daily.

"In addition to our appeals to the driving public to observe the traffic laws and rules of safety our department will put some 150 extra patrolmen from our license and weight and motor vehicle inspection services on highway patrol duty," Garrison said.

"We believe this will help to remove some of the dangerous drivers from the road, we know that in most cases only the individual behind the wheel can make sure that he and his loved ones are not among the 92 expected traffic victims.

He can do this only by driving carefully and lawfully - and by driving defensively against those who don't.

"We urge every driver to be especially alert during this period and enjoy safe holiday travel over our fine highway system."

Garrison noted that the DPS motorcade estimates for the past 17 Christmas - New Year periods totaled 1,592, and that the actual number killed was 1,567. Thus, he said, the combined estimate was 25 or 1.57 per cent above the actual total.

"But we always hope we are wrong - that we have estimated too high," he said, "and we are calling upon the driving public to help us bring the toll of death and suffering far below the estimate

during the coming holiday season."

A review of the factors involved in fatal traffic crashes during the last Christmas - New Year period indicates excessive speed figured in 29.8 per cent of them, at least one driver had been drinking in 26.9 per cent, and a pedestrian violation was involved in 11.5 per cent.

December 24, Christmas Eve, was the most deadly day, with 23.7 per cent of the holiday motorcides occurring on that day.

Christ in Christmas

*I dreamed that Jesus came to see
His birthday gifts beneath our tree.
I bowed my head in sudden shame
Because no gift-tag bore his name.*

*But coming as a little child,
He reached an eager hand and smiled
And seemed delighted with a toy
Intended for a crippled boy.*

*From the tip-top star to the lowest limb,
Our christmas tree was aglow for him,
For love had marked as the Christ-Child's own
Gifts for the needy, the sick, the lone.*

—PAULINE LARIMER BINFORD

*"And the king shall answer and say unto them, verily I say
unto you, inasmuch as ye have done it unto one of the least
of these my brethren, ye have done it unto me."*

Clarkson — Good Neighbor Club Has Supper, Gift Exchange

By Mrs. J. A. Blasienz

Mrs. George Dodd, Mrs. Arthur Chollett and Mrs. Cullen White were hostesses when the Good Neighbor Club met Tuesday night at the Recreation Center for their Christmas supper and tree gifts were exchanged.

In a short business session the same officers were re-elected for the coming year: George Dodd, president; Mrs. John Matynastik, secretary - treasurer.

Guests of Mrs. William Kohring last weekend were her daughter Mr. and Mrs. C. B. Stracner of Ft. Worth and Miss Lydia Kohring of Smithfield. The group were guests of Mr. and Mrs. Alfred Kohring Sunday. Other guests in this home were Mr. and Mrs. Nelson Kohring of Irving. Mrs. William Kohring returned to Ft. Worth with the Stracners where she will spend several weeks. She also will spend some time with Miss Kohring.

Mr. and Mrs. Hubert Skala and Kelvin visited Mr. and Mrs. Howard Harrison and family in Maria Wednesday afternoon.

Mrs. Joe Hawk accompanied by her grandson Larry Hawk spent the weekend in Bryan with relatives.

Mr. and Mrs. Leonard Doskocil and children visited Mr. and Mrs. H. Lorenz and daughter Betty in Temple.

Mrs. Frank Ocker of Rosebud and Douglas Ocker of Odessa visited Mr. and Mrs. V. W. Hawk and children Saturday afternoon.

Visitors of Mrs. V. D. Dodd Saturday were Clarence Dodd of Austin and Julius Zucha of Waco.

Guests of Mr. and Mrs. Ames Doskocil and Amos Jr. Sunday were Mr. and Mrs. Billy Stuessel of Temple. Mrs. Bill Kohring and son Donald and Miss Margie Pavlat all of Holland and Mr. and Mrs. Leonard Doskocil and children.

Mr. and Mrs. Emil Skupin visited their son Henry Skupin at A & M College recently.

Visitors of J. A. Blasienz at the Ocker Rest Home in Rosebud Sunday were Mrs. D. D. Harrison and Jerry of Dallas. Mr. and Mrs. Roy Wilson of Holland. Mr. and Mrs. J. A. Blasienz of Bryan and Mrs. J. A. Blasienz.

Mrs. Harrison and Jerry spent the weekend in the Blasienz home at Clarkson.

Buckholts — Barkemeyer Improving In Temple Hospital

By Mrs. J. W. Meyer

Lee Roy Barkemeyer is reported to be progressing satisfactorily following major surgery at Scott and White hospital in Temple where he is a patient.

Mrs. Lydia Todd of Garland has been a guest of her mother, Mrs. Minnie Fischer and her sister, Mrs. Lee Roy Barkemeyer.

Mrs. Mary Haggemeister's guests have been her daughter, Mrs. Hilda Hendricks and grand-daughter Susan Haggemeister of Belton.

Mrs. J. D. Lewis spent the weekend in Houston visiting her son and family Mr. and Mrs. Douglas Lewis. Mrs. Lewis' sister, Miss Artie Peters who has been a guest in the Lewis home has gone to Los Angeles on an extended visit.

Mr. and Mrs. J. B. Slovacek were in Temple Friday where Mr. Slovacek received routine eye check - up at Scott & White hospital.

A guest of the Slovaceks' Saturday was their son, Marvin J. Slovacek of San Antonio.

Mr. and Mrs. L. N. Ezzell have returned from a visit to Beaumont where they were guests of his son and family Mr. and Mrs. W. H. Ezzell at their new home. Ezzell, who is with Southwestern Bell Telephone Company was recently transferred from Mexia.

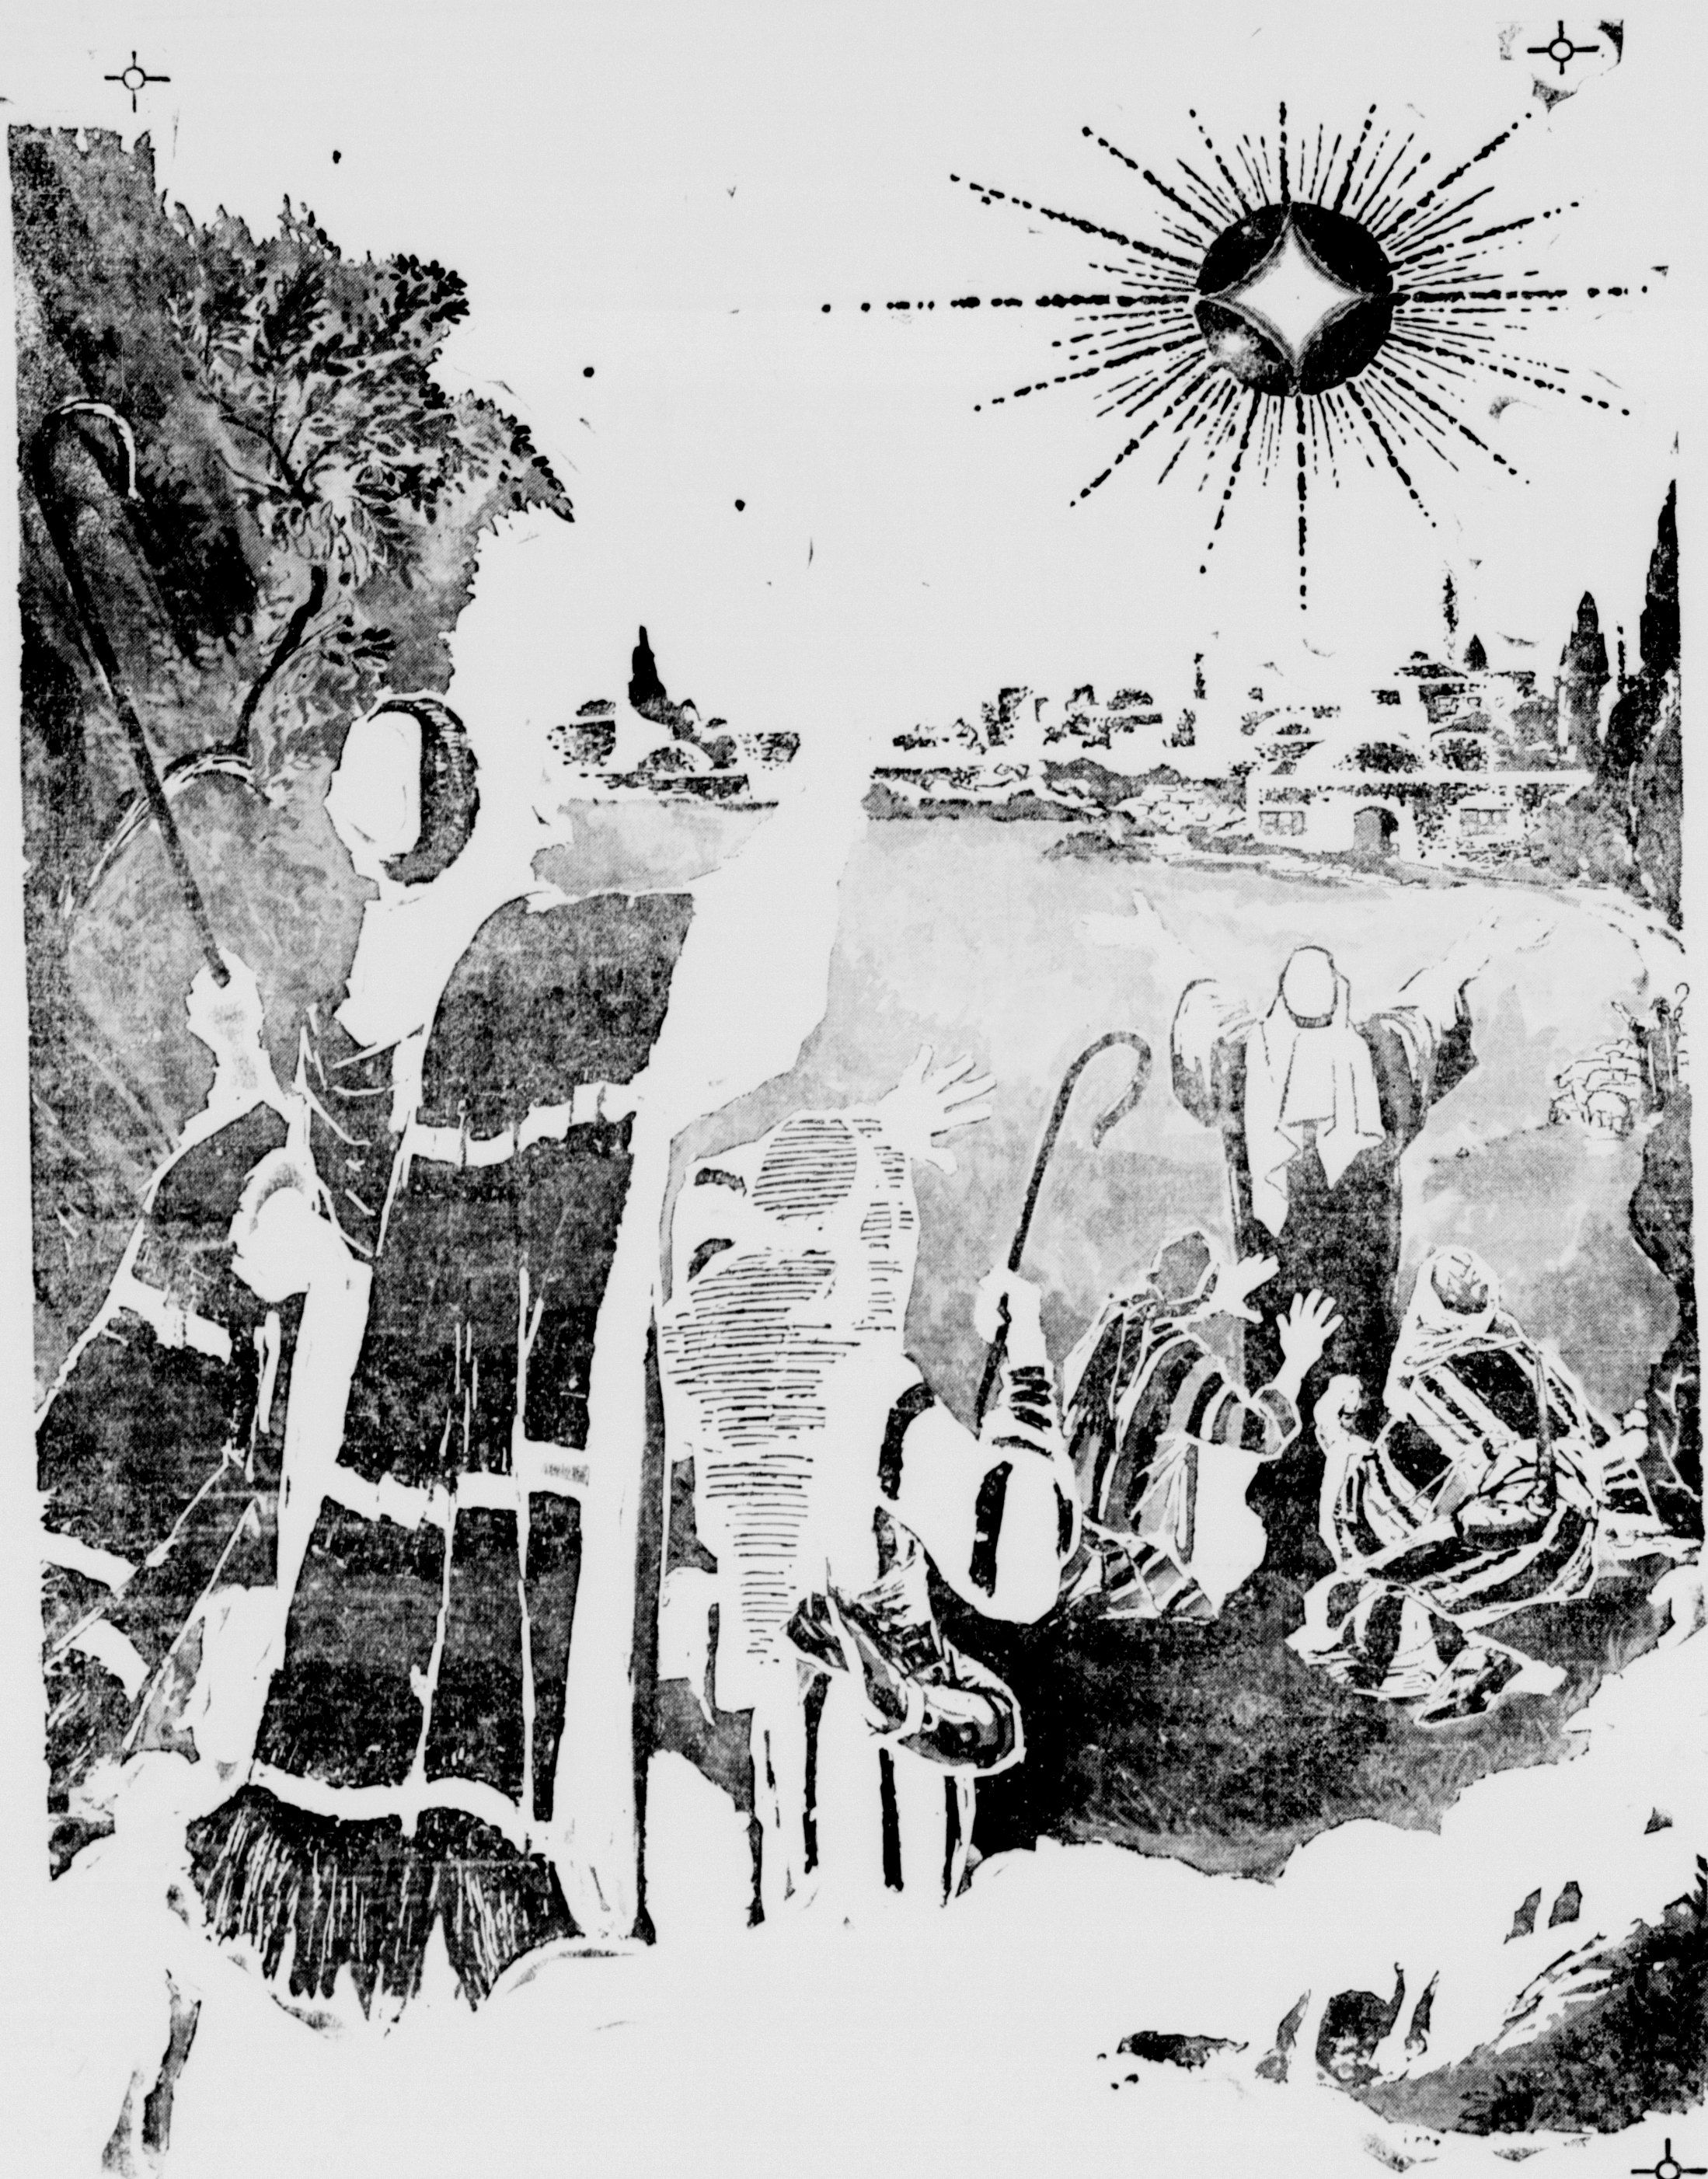

Ben Arnold Church

To Give Program

"The Book of Christmas", a Carol Service by Edith Jensen will be presented Friday at 7:30 p.m. at the United Church of Christ in Ben Arnold.

The Rev. Wm. Wuerz, pastor of the church, stated the church school would have charge of the program.

All age groups are participating in this service consisting of Scripture Readings, Tableaus and Carol Singing. The public is invited to this program as well as to the Candle Lighting Service scheduled for Christmas Eve at 7 p.m.

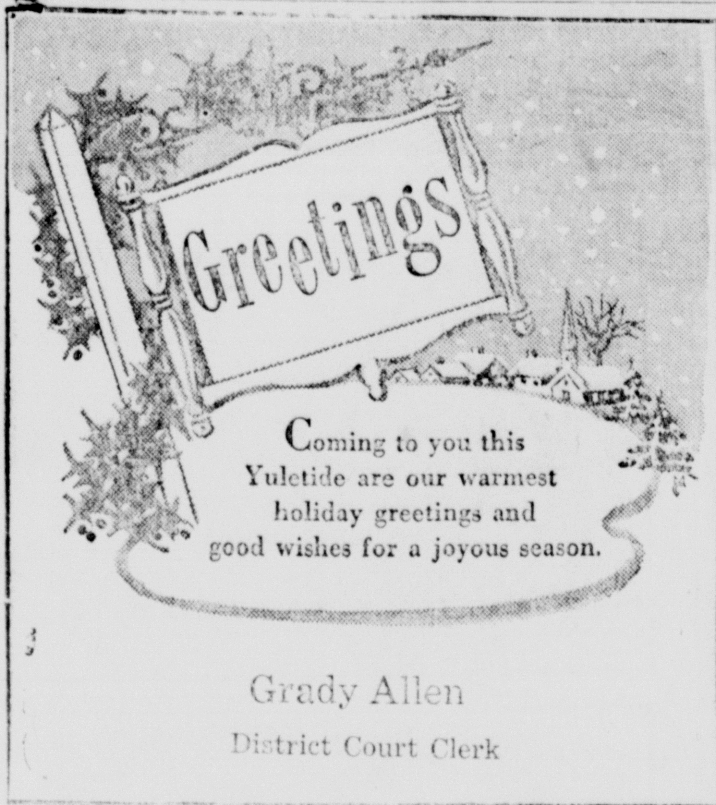

Joy at Christmas

Across the years, the miracle of Christmas shines like the light of the Star, casting its eternal radiance into our lives and hearts. As we celebrate this holy season, let us rejoice anew in the wonder of Christmas...let us cherish its glad message. Let us take pause from the turmoil and stress of our daily life to rededicate our spiritual aspirations toward "Peace on earth, good will to all men."

"BETHLEHEM" IN WATERBURY, Non-sectarian re-creation of the town of Bethlehem spreads across Pine Hill near Waterbury, Conn. Permanent scene is intended not as a shrine but as an inspiration, with educational purpose, too. In most respects, the scale model follows as accurately as possible the appearance of Bethlehem in Judea, as it appeared at the time Christ was born.
